

CRITICAL INFORMATION SUMMARY

INFORMATION ABOUT THE SERVICE

NETWORK INFORMATION and DEVICES

BusinessCo Mobile uses parts of the Telstra Mobile Network that cover more than 98.8% of the population with 3G and 97% of the population with 4G. Selected plans also offer access to parts of the Telstra 5G network.

To use this service, you'll need to bring your own compatible mobile device which supports 3G 850MHz and, for access to the 4G service, both 4G 1800MHz and 4G 700MHz bands. To access the 5G network you will require a 5G compatible mobile device.

DATA ALLOWANCE and DATA SHARING

Every mobile plan comes with a data allowance. You can share your monthly data allowance with other eligible plans on the same billing account. A maximum of 300 mobile services can share their eligible data allowance in the same fleet pool. If you exceed your total monthly data allowance across all eligible plans, we will automatically increase your total data allowance by an extra 10GB for \$70. Please call our Customer Care Team on 1300 951 854 for more information or to manage your data allowance.

INTERNATIONAL ROAMING and BOLT ONS

Monthly data allowance doesn't include usage while overseas. International roaming is not available in all countries and calls and data usage are charged separately. You can purchase an International Roaming Pack to reduce charges. Please contact us on 1300 951 854 to check if a particular country has a roaming arrangement and to purchase one of the bolt-on packages.
